Our role as a leading provider of health care and economic support for our neighbors is driven by our mission of Making Communities Healthier®. We are privileged to call this vital community home and proud to be part of a national diversified health care delivery network that allows us to continue to enhance how we care for those we serve.

The support of Duke LifePoint Healthcare and community partners like you help us to advance our mission and create places where people choose to come for health care, physicians want to practice and employees want to work. Thank you.

— Christopher Munton, CEO

In 2021, we...

...added seven employed and affiliated providers

...made nearly \$3.5 million in capital improvements

...distributed a payroll of \$60,923,732 to more than 820 employees

...donated more than \$34.5 million in services to those in need

...paid \$5,686,891 in taxes

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high-quality care. This year, we added providers in OB/GYN, wound care, cardiology, primary care, surgery and pulmonology.

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's health care needs. This year's investments included the expansion of Harris Medical Park of Franklin to a new location, and 3D mammography technology at Swain Community Hospital and Harris Medical Park.

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high-quality care and service.

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

Duke LIFEPOINT HEALTHCARE

Charity care and other uncompensated care includes charity care, uninsured discounts and uncompensated care. Physician recruitment costs include recruitment costs and support of new physicians' initial practice establishment in the community. Payroll includes consolidated salaries, wages, benefits and contract labor costs. Capital investments include facility expansions/renovations, equipment purchases, technology replacement, information technology additions/updates and routine facility upkeep and maintenance. All references to "LifePoint," "LifePoint Health" or the "Company" used in this release refer to subsidiaries of LifePoint Health, Inc.

Duke LifePoint Healthcare, a joint venture of Duke University Health System, Inc. and LifePoint Health, was established to build a dynamic network of hospitals and health care providers. The joint venture, which brings together LifePoint's experience in community-based hospital management and Duke's world-renowned leadership in patient safety and clinical quality systems, is strengthening and improving health care delivery by providing community hospitals the clinical, quality and operational resources they need to grow and prosper.
